A scanned copy of this filled up bid documents shall be submitted online through the above website using their respective user-id and password in order for their bid to be considered. The bidders shall also upload the scanned copies of the supporting documents.
- ii) The bid follows two cover system and bidders are required to submit technical bid and Price bid separately in electronically. Both shall be submitted simultaneously.
- iii) Both Technical bid (cover 1) and Price bid (cover -2) documents are required to be submitted only through the above-mentioned electronic mode and tender submitted through any other mode will be summarily rejected and no correspondence on such matter will be entertained for the reasons whatsoever.

23. OUTSTANDING DUES TO PORT:

The parties who have outstanding dues to be paid to the Port as on the date of publication of the NIT shall clear the same before submission of the bid, else they will not be allowed to take part in this tender and the online uploaded bid document in any way will not bind the Port to accept their participation in the subject tender.

UPLOADING OF BID DOCUMENTS:

- i) The Bidder shall on its own responsibility have to download and upload the bid document in the provided E-tender portal. The Bidder has to make his own arrangements to overcome the internet, electricity or other connectivity failures to complete the tender filling online at his own risk and cost and the Port will not be responsible for such failures or shall not be liable to extend or accept such delayed or incomplete tender, for reasons whatsoever.
- ii) The terms of the tender schedule, conditions of contractor any other documents attached to the bid document shall not be defaced or detached from it and the same has to be uploaded in whole as per the instructions provided in the bid document or in the E-tender portal or format for Tenders Acceptance letter is attached as **Annexure - XIII**.

24. QUOTING OF AMC CHARGES FOR PRICE BID:

- i) The bidder shall quote the AMC rate per month as specified in **Price bid (cover -2) of Section X**.
- ii) The AMC rate per month quoted shall be paid on the Minimum wages actually disbursed every month based on the deployed manpower, excluding ESI, EPF and Bonus.
- iii) Applicable taxes, if any payable, shall be reimbursed over and above the quoted rates on production of documentary evidence.

iv) The Bidder shall quote the rate in figures as well as in words in English. In case of any discrepancy between figures and words, the rate in words shall prevail.

25. BID OPENING:

The Techno-commercial Bid containing the techno-commercial documents listed in the Clause no.6 of section IV and any other documents uploaded by the Bidders will be opened through online on the scheduled date and time as indicated in the NIT, in the presence of such bidders and/or their authorised representatives, who wish to be present at the time of opening, at their own cost.

26. PAYMENTS

All payments will be made only in Indian Rupees and no foreign exchange is available for this work.

27. EXPENSES INCURRED BY THE BIDDER

The Port shall not be responsible for any direct or indirect expenses incurred by the Bidders in preparing, submitting and/or personally attending at the time of opening the techno-commercial bid / price bid or at any other time.

28. COMMUNICATION FOR INFORMATION

SECTION-V

TECHNICAL SPECIFICATIONS

1. GENERAL GUIDELINES FOR THE TENDERERS

The Tools & materials to be used in the work shall be of the best quality to comply with the requirements stipulated in the specification and shall be suitably tropicalised and designed to withstand saline water / oily water use and atmosphere at site.

The tenderer may quote separately for any other items as extra which are not specifically brought out in the schedules but which in his opinion are necessary for their satisfactory working.

The oil jetty in North Breakwater of the Port, being constructed for loading /unloading of POL products NH3, LPG, and DNS products have been designed to handle tankers of sizes ranging from 20,000 DWT to 60,000 DWT. For containment and cleaning of oil spillage it has been proposed to provide for all containment booms in a combination of permanent and rapid deployment booms to be used in conjunction with each other.

The tenderer may visit the oil berth area to acquaint himself with the site condition.

The Technical specification of the existing OSRE System are as detailed below.

Sl. No.	Description	Unit	Total Quantity
1	Rapid Deployment Boom (20 meters each)	meters	500
2	Permanent Boom (25 meters each)	meters	100
3	Inflatable Boom (25 meters each)	Meters	500
4	Boom Storage Reel	Nos.	
	Boom Storage Reel for inflatable boom		
	Boom Storage Reel for Rapid boom		4
5	Skimmer (20 T per hour)	Nos.	4
6	Flex Barge (5 Tons)	Nos.	2
7	Tow Tank (2 Tons)	Nos.	1
8	Sorbent Boom Pack	Meters	200
9	Oil Absorbent Pad ((15" X 19") each)	Nos	1000
10	Portable Dispersant sprayer backpack type with hand lance	Nos	2
11	Tide slides	Sets	10
12	Mooring kits (Anchors)	Nos	10
13	Tow Bridle for towing deployment boom and 2 Ton Floating storage tank	Sets	4
14	Boom Fabric repair kit for both permanent and rapid deployment	Sets	1
15	Oil Spill Dispersant	Liters	1000

16	Spares for end connectors (2 sets for permanent boom 5 sets for rapid deployment boom)	Sets	1
17	Work Boat without Out Board engine	Nos.	1
18	Air pack for inflatable boom	Nos.	2
19	Storage container for inflatable boom	Nos.	2

2. BROAD TECHNICAL SPECIFICATIONS OF THE AVAILABLE OIL POLLUTION RESPONSE

1. EQUIPMENTS WITH THIS PORT

1) RAPID DEPLOYMENT BOOM

MAIN SPECIFICATIONS:

- i. Total Height : 600 mm (minimum)
- ii. Free board : 200 mm (minimum)
- iii. Draft : 400 mm (maximum)
- iv. Tensile strength : 4000kgs minimum
- v. Boom weight : 5 kg/m maximum
- vi. Section length : 25 metres maximum
- vii. Boom fabric : PVC /Polyurethane coated polyester resistant to hydrocarbons with UV and Marine growth inhibitor of weight minimum 1000gm/m²
- viii. Section connectors: ASTM standard of marine grade aluminium
- ix. Ballast type : Hot Dip Galvanized steel chain fixed to the Skirt
- x. Float : HDPE filled with PUF affixed on both (Sufficient numbers shall be provided)
- xi. Colour: Float : Black : Boom : Orange

OTHER SPECIFICATIONS: -

- i. The boom is suitable for rapid deployment.
- ii. The boom is light weight and resistant to abrasion.
- iii. The boom should not sink even after cover is severely damaged.
- iv. The boom is so designed that it floats vertically without twisting.
- v. The tenderer must secure the booms (tide slides, anchors, mooring kits vi. etc.) in place and minimum accessories required for the intended operation.
- vii. The boom provided with tow bridle for towing the boom.
- viii. The tow bridle and the boom shall be of sufficient strength to be towed at a speed of 5 knots

2) PERMANENT BOOM:

MAIN SPECIFICATIONS:

- i. Total height : 600 mm
- ii. Free board : 200 mm (minimum)
- iii. Draft : 400 mm (maximum)
- iv. Tensile strength : 16000 kgs (minimum)
- v. Boom weight : about 10 kg/m
- vi. Buoyancy to weight ratio : Minimum 7:1
- vii. Section Length : 25 metres (maximum)
- viii. Boom Fabric : PVC /Polyurethane coated polyester resistant to hydrocarbons with UV and marine growth inhibitor. Minimum Weight 3000 gm/m²)

- ix. Section connector : ASTM standard made of marine grade Aluminium
- x. Ballast type : Hot Dip Galvanized steel chain fixed to the skirt
- xi. Floats : HDPE filled with PUF affixed on both sides of the boom fabric (External) (Sufficient numbers shall be provided)
- xii. Colour : Floats: Black, Boom: Orange

OTHER SPECIFICATIONS: -

- i. The boom is suitable for long term, permanent installation.
- ii. The connectors of booms are compatible and conform to ASTM standards
- iii. The boom is so designed that it floats vertically without twisting.
- iv. The tenderer must take action for securing the booms (tide slides, anchors and mooring kits) in place and minimum accessories required for operation.
- v. The boom shall be provided with a tow bridle for towing the boom. (at least three in number). The tow bridle and the boom shall be of sufficient strength to be enabled to be towed at a speed of 3 knots.

3) BOOM STORAGE REEL:

Boom reels are made up of steel Hot dip Galvanised. Operation will be done through diesel hydro power pack. Boom storage Reel and Diesel Hydraulic Power Pack will allow for convenient and compact storage of boom as well as rapid deployment and recovery substantial length of boom quickly. Boom reel shall accommodate a minimum of 200m of boom. All metal parts are hot dip galvanised steel or stainless steel. Exceptions are parts such as bearing blocks, valve bodies, motors, etc. these parts will be protected with suitable paint. Power pack has the provision for both electric and manual start.

The power pack will deliver enough power and flow to the reel to realise atleast 1.3KN (or 300lbs.) pulling force at the outside rim and a fully controllable 0 to 11 pm rpm rotational speed.

Boom reel is equipped with suitable hydraulic motor and direct drive assembly.

4) TIDE SLIDE

The tide slides are suitable for above equipment / Purpose.

5) MOORING KITS

The Mooring Kits are suitable for above equipment / Purpose.

6) TOW BRIDLE

The Tow bridle for towing the boom is three in numbers. The tow bridle and the boom are designed with sufficient strength to tow at least at a speed of Five knots. Tow bridle is suitable for towing rapid deployment boom and 2T floating storage tank.

7) PORTABLE OIL SKIMMER

- i. The oil skimmer available is suitable for skimming various types of oil including
- ii. high viscous oil e.g. furnace oil, HSD etc. and with different viscosity and of
- iii. low capacity (1.5 cu. m/hour Et 20TPH) to avoid large portable storage devices.

- iv. The skimmer unit is enabled with integral power supply driven by 12 volts /24 volt DC battery or power pack which can be handled by one or two persons.
- v. The Unit is light to be portable from shore to the crafts.
- vi. It have a very low draft so as to enable it to be used in shallow water.
- vii. It have oil water recovery percentage not below 98%: 2% at 10 min thickness of the oil film.
- viii. Skimmers for its normal operation and provide highest efficiency.
- ix. Equipment includes sufficiently long discharge hose with quick couplings and electric control box with sufficiently long electric lead for remote operation.

8) TOW TANK -2 TONNE CAPACITY

a) Temporary storage:

The Tow Tank is capable for mooring at sea, or stored on vessels, shoreline or any other stable platform for temporary storage of oils and later collection and disposal.

b) Capacity:

The Tow Tank is of 2 Tonne capacity

c) Engineering

All components of the Tow tank are designed to meet with safe working loads during towing.

d) Material:

Heavy duty polyester reinforced PVC/Polyurethane fabric. Weight 3000 gm/m²

e) Visibility

To ensure high visibility, the tow tank has been predominately Coloured in International Orange

f) Aluminium Floation

Suitable floatation method for hydrodynamic performance to ensure stable towing in all conditions.

g) Shallow Draft

The tow tank has a shallow draft enabling access into tidal or shoaled areas.

h) Deployment should be rapid with no tools required.

i) Stable Towing Shape

The shape of the Tow Tank is such that it provides stability during towing, especially at higher speeds and in the presence of waves and currents.

j) Fittings: 2 Nos, - 50 mm (minimum) fill /discharge fittings with cam lock coupling and suction base.

- 1 No. vent fitting
- 1 No. Aluminium rear clamp bar with lifting connections
- 1 No. 3000 kg webbing Towing bridle with flotation buoy.
- 4 Nos. webbing grab handles.

9) OIL ABSORBENT PAD

This Port have about 1,000 pads of variable sizes (minimum 15" x 18", maximum 24" x 24") total area 600,000 sq. inch minimum thickness 7.00mm of highly efficient quality to absorb oil only.

10)PORTABLE DISPERSANT SPRAYER: -

- a) Type : Backpack
- b) Capacity : 15-20 ltrs
- c) Pressure : 100 psi minimum
- d) Weight when empty : 5 -10 kg
- e) Other accessories : Hand Lance, Hoses etc

11)BOOM FABRIC REPAIR KIT

- a) For permanent boom - 1 set
- b) For rapid deployment boom - 1 set

12)WORK BOAT

1) MAIN SPECIFICATION:

- a) Length :6m (approx)
- b) Breadth :2m (approx)
- c) Depth :1.5 m (approx)
- d) Capacity :5 person + 1 crew
- e) Boat weight with Equipment :750 kg (Max.)
- f) Engine : Outboard petrol 50 HP minimum
- g) Capacity of fuel tank :4 hours normal operation
- h) Speed with full complements :6 knots
- i) Colour : International orange
- j) GM :Comfortable

2) OTHER SPECIFICATIONS OF THE EXISTING WORKBOAT:

- a) The hull is made up of fibre reinforced plastic (fire retardant type used on ships lifeboats)
- b) A foam filled heavy duty fender is fitted around the boat.
- c) Buoyancy material is of polyurethane foam.
- d) All steel work are hot galvanized or stainless steel, all aluminium work to be of sea water resistant type.
- e) Protection covers have been provided at the bow (spray hood) for Equipment tank.
- f) Grab lines are fitted around the boat.
- g) Deck structure is designed with anti skid type, self bailing.
- h) Athwart ship benches have been placed for seating personnel and crew.
- i) Sufficient lengths of mooring ropes are provided for making fasten the boat and towing the boom floatation tank.
- j) High Density retro reflective tapes are affixed around the boat.
- k) Sufficient number of cleats (2 each at the bow a stern) are fitted on the boat.
- l) 1 no. towing post hook is fitted at the stern of 2Ton Bollard Pull capacity to enable towing of booms and floating storage tank
- m) A cradle on wheels for storing and transportation of the boat is provided.
- n) The boat is constructed as per IRS/LRS Rules and all the structures, drawings accessories are approved by IRS/LRS.

13)OIL SPILL DISPERSANT:

- a) OSD approved by N.I.O. Goa for use in both the concentrate Type -11 (dilute) and Type -III (neat) form
- b) The efficiency of dispersant when tested by NIO-Goa should have been minimum 60% in both the Type - III (neat) and Type -II (dilute)

14) SPARES FOR END CONNECTOR

- a) For permanent boom - 2 sets
- b) For rapid deployment boom - 5 sets

15) OPERATING CONDITION OF OIL SPILL BOOM & SKIMMER

Boom and skimmer should withstand following operating conditions

- a) Wave height : Maximum 0.6 metre average 0.3 metre
- b) Wind : up to 70 km/hr
- c) Tidal range : 1.2 mtr.
- d) Current velocity : 1 knot -maximum
- e) Nature of harbour Artificial : breakwater type
- f) Sea temperature : 27°C - 32°C

16) OIL SPILL DISPERSANT

Shall be evaluated and approved by NIO-GOA for use in both the concentrate Type - II (dilute) and Type - III (neat) form. A certificate by NIO-GOA to be submitted.

17) TRAINING SCHEME

The contractor shall provide training to Port officials at free of cost on the repair a maintenance and operation of the equipments if demanded by VOCPT. The Port will nominate officials to attend training. The contractor shall depute competent Engineer/ specialists to impart above training to the personnel nominated by the Port Authority. The contractor will make their own arrangements for the accommodation ashore of their engineers at their cost.

SECTION-VI

SCOPE OF WORK

1. PERIOD OF CONTRACT:

Manning, Operation and Maintenance of Oil spill Response Equipment for a period of five years and extendable by two years.

2. MANNING STRENGTH:

The Tenderer has to engage manning strength as detailed below for operation and maintenance of the Oil spill Response Equipment for a period of five years and extendable by two years.

Sl. No	Designation	Qualification	No. Of staff	Remarks
1	Manager	Any Degree or Diploma in Engineering	1 No.	General Shift
2	Serang	i) 8 th Standard Pass: ii) Possessing Master's Certificate under Inland Steam Vessels act 1917 (1 of 1917) or its equivalent. OR Possessing a Certificate of Competency as Serang granted under any Major Port Harbour Craft Rules or Port of New Tuticorin Harbour Craft Rules (General Educational qualification relaxable in the case of candidates otherwise well qualified)	3 Nos	1 No. per shift
3	Lascar	i) Must possess good physique and experience as Boatman/Seaman/Lascar/Engine Driver and ii) should know swimming in deep seawater iii) Should have passed Std. V	9 Nos.	3 Nos. per shift

Total 13 Nos.

NOTE:

1. Manning strength (1No. Serang & 3 Nos. Lascar per shift of 8hr.)
2. Hence necessary relievers shall be appointed.
3. Serang may be used in place of Lascar.

3. SCOPE OF ACTIVITIES TO BE PERFORMED BY THE CONTRACTOR

The Contractor must perform the following works apart from providing necessary manpower as detailed in “required manning strength” covering the following system of maintenance: -

- a) Preventive maintenance
 - b) Support Services
 - c) Break down maintenance and
 - d) Operation of the equipment.
 - e) Operation of a workboat for operation.
- The firm must have experience in manning, operation and maintenance of Oil Spill Response Equipment.
(or)
 - The firm must have experience in manning, operation and maintenance of hydraulic equipment's and compressors.
- i. Responsibility: The contractor is responsible for maintaining the Port waters pollution-free from oil and take all immediate steps as per Oil Spill Contingency plan in the event of spill etc,
 - ii. The Contract involves the supply of Labour to carry out combating operation and upkeeping of all the pollution control equipments including booms / barriers and deployment and retrieval of booms/barriers and other OSR equipments. The contractor shall also carry out all the pollution control related works, Cyclone, Disaster management control and any other works assigned to them by the Deputy Conservator or his representative around the clock.
 - iii. The Contractor must carry out preventive maintenance of Oil spill Response Equipment as per the manufacturer's recommendation of all items and keep the system clean and tidy. The Contractor should ensure the system is in working condition and 98% availability of the system with the help of their group of technicians and skilled workers to be deployed by them during shifts when the equipment is not in use.
 - iv. Support services shall be provided by the contractor during the operation of the equipment. This assistance from the contractor must be available round the clock.
 - v. The actual requirement for spares shall be drawn up by the contractor well in advance to enable the Port to procure and keep it in stock. Break-down maintenance shall generally be attended by the contractor immediately after the occurrence of available spares. If the spares are not available at the Port account, the same shall have to be procured by the contractor with the approval of the Port and work must be completed. The amount towards the cost of spares at actual will be reimbursed by the Port to the contractor on receipt of documentary proof including the supplier's invoice etc., However, downtime due to this shall be considered as a penalty.
 - vi. The equipment must be operated by the Contractor as and when required and as directed by the Port Deputy Conservator or his authorized representatives viz. HM, AE(M) and AMO. All the metal parts of the equipment shall be painted

once during the contract and if required by the Port authority. Paints of the required grade are to be supplied by the Port at Port's cost.

- vii. Every month equipment availability and utility statements shall be prepared by the contractor, which shall be jointly signed by both the parties (Contractor, and V.O. Chidambaranar Port Authority). The statement shall contain details like breakdown time, if any etc.
- viii. The contractor shall ensure that the equipment is available for at least 98% of the total time of 24 hours per day and the availability shall be calculated each month.
- ix. All maintenance spares shall be provided by the Port at their cost.
- x. The contractor shall arrange insurance coverage & ESI coverage as per the Act for the workmen to be engaged by their contractor at their cost.

4. PERSONNEL

- 1. The contractor shall provide manpower as given under "Required Manning Strength".
- 2. The contractor shall get the biodata of the personnel engaged for the operation and maintenance of the equipment and get it approved by the Deputy Conservator prior to the placement.
- 3. Any change in manning must be done only with the approval of Deputy Conservator/Harbour Master or his authorized representatives.
- 4. The contractor shall employ minimum staff strength of 13 members as detailed under "Required Manning Strength" and ensure availability of at least five manpower consisting of one Serang and four Boatman in each shift and available round the clock basis for the operation of the equipment. Necessary reliever is to be appointed by the Contractor to ensure minimum staff strength at any moment of time.
- 5. The contractor shall provide suitable transport arrangements for mobilizing the personnel to the work spot from the places as required for the smooth execution of the contract.
- 6. The contractor shall ensure the safety of the personnel engaged by providing all personnel with protective equipment like helmets, safety shoes, nose masks, safety belts and Life Jacket etc. at contractor's cost.

If the personnel are engaged for more than 8 hours, they should be compensated for the extra work. The contractor must take the insurance policy covering all type of risks of all employees engaged by them for this work.
 13. Uniform: - The personnel employed for the operation and maintenance of the equipment should be in proper uniform during their duty hours. The uniform shall be inclusive of safety shoes, a helmet, a nose mask etc. The uniform colour shall be finalized in consultation with Deputy Conservator.
 14. Entry permits to enter inside the Port premises will be issued on written request at free of cost.
 15. Tools and plants: All the tools and plants required for the work are to be brought by the contractor.
 16. On request of the Contractor, the Port may provide quarters, subject to availability and such other conditions that the Port may impose from time to time.

5. General:

1. In case of any dispute in the matter of spares or consumables or any other matter, the same shall be discussed and settled by mutual discussion between the Deputy Conservator, VOCPA, and the Contractor. In case of any breach of this contract agreement, the decision of the Chairman, V.O. Chidambaranar Port Authority shall be final.
2. The contractor shall obtain a necessary license if they engage 20 or more workers on any one day from the Assistant Labour Commissioner (Central) Tuticorin and shall adhere to all statutory requirements of labour department and Dock Safety Inspectorate as per regulations.
3. All safety precautions shall be strictly adhered to.
4. Customs clearance if any is required for taking the materials in/out of the Port shall be obtained by the contractor from the Customs Department.

6. Assistance to be provided by VOCPA.

- i. All consumables like Fuel, Lubricants, Grease, Cotton waste etc. shall be procured by VOCPA at Port's cost. These shall be made available by VOCPA as and when required. Actual requirements shall be drawn up by the Contractor well in advance to enable the Port to procure and keep in stock
- ii. Site-in-charge of the contractor (Manager) shall provide a periodical utilization report on these materials.
- iii. Water, electricity for repairs and maintenance, etc., shall be provided by VOCPA free of cost by providing a separate plug point for electricity and water tap connection / other means.
- iv. A site office with power supply and communications facilities limited to contract within the Port near the work spot shall be arranged by the Contractor at their cost.

- v. Photo identity cards shall be issued by VOCPA as per the policy decision taken by the Port.
- vi. The Port shall arrange and provide necessary fire clearance for the operation and maintenance of equipment round the clock.
- vii. The contractor shall be responsible for security of their Office, stores, personnel belongings etc,

7. THE CONTRACTOR SHALL ENSURE THE FOLLOWING:

- i. Total availability of the Oil Spill Response Equipment during the maintenance periods shall be 98% at an average per month.
- ii. Contractor has to employ No. of personnel as agreed in the tender during the currency of the agreement.
- iii. Contractor should ensure safe working and maintenance of equipments without causing any damage to the oil spill response Equipment.
- iv. Response time to commence the deployment/removal of boom shall not exceed
- v. 30 minutes

8. PENALTY

- a) The contractor shall ensure availability of oil spill response Equipment at 98% as stated above (average for each and every month). In case of any shortfall due to their account, an amount equal to shortfall in percentage worked out based on their monthly bill or part thereof shall be recovered from the contractor.

Formula for calculating penalty = $\frac{98\% - \text{Actual \%}}{98\%} \times \text{monthly mtc. Cost}$

- b) In the event of the contractor fails to employ at any time during the currency of this agreement the personnel as stated in the tender schedule the Port shall be entitled to deduct a sum of Rs. 500/- per shift per person or part thereof for the short deployment of personnel and additional 10% of the proportionate wages.
- c) If any damage is caused to the equipment, a committee constituted by the Deputy Conservator shall investigate the cause of damages. If the cause of damage ascertained is identified as due to the negligence or ignorance of any personnel engaged by the contractor, the total replacement/ repair cost including the spares used or the amount as decided by the Chairman shall be payable to the Port as penalty. The decision of the DC, V.O. Chidambaranar Port Authority is final and binding in this regard.
- d) If the contractor fails to response within 30 minutes it will be considered as failure of response on that day and an amount equal to 1/30 of the monthly bill will be deducted as penalty from their monthly bill or any amount due to the tenderer.
- e) If contractor is not able to rectify the fault then the same may be got done through some other agency at the risk and cost of contractor and amount will be deducted from AMC bill and penalty as stipulated above will also

be imposed. The decision of the Deputy Conservator, V.O. Chidambaranar Port Authority is final and binding in this regard.

9. RECORD OF MAINTENANCE

A maintenance log shall be maintained in a format prescribed by the Engineer-in charge. Details of all maintenance and/or repairs carried out shall be duly entered in the log by the contractor and countersigned by the Engineer from time to time during inspection. After the completion of a calendar year, subject to satisfactory completion of the maintenance, Engineers shall issue a certificate to the effect that the contractor has completed all the maintenance stipulated in the tender. The tenderer shall clearly indicate any item which is not covered under the maintenance contract.

SECTION-VII
GENERAL CONDITIONS OF CONTRACT

1. DUTIES OF THE ENGINEER:

- i. THE ENGINEER shall see that the work is executed, commissioned and paid for, according to the conditions, specifications, etc., set forth in the contract.
- ii. The duties of the Engineer shall include such as checking over designs and drawings, supervision over the quality of materials and testing and examining materials to be used or workmanship employed in connection with the work etc. The Engineer shall, however, have no authority to relieve the contractor of any of his duties and obligations under the contract, or except as provided for in the contract, order any work involving delay in execution or any extra payment by the Board, or to make any variations in any items in the Cost Schedule of work or in the quantities or in unit rates.
- iii. Failure of the Engineer's representative to disapprove any work or materials shall not preclude the Engineer thereafter to disapprove such materials and work and to order the rectification of the same.
- iv. If the Contractor shall be dissatisfied with any decision of the Engineer's Representative, he shall be entitled to refer the matter to the Engineer in writing who shall take necessary decision and confirm it in writing thereafter and decision of the Engineer in this regard shall be final.

2. DUTIES OF ENGINEER'S REPRESENTATIVE:

The Engineer may from time-to-time delegate to his Representative any of the powers, discretion, functions and authorities vested in him and may at any time revoke any such delegation. Any such delegation shall specify the powers, discretion, functions and authorities thereby delegated and the person or persons to whom the same are delegated. No such delegations shall have effect until a copy thereof has been delivered to the Contractor. Any person to whom any such delegation is made shall be entitled to exercise the powers, discretion, functions and authorities so delegated to him as aforesaid.

3. VARIATIONS AND OMISSIONS:

If the Engineer shall make any such variation in any part of the works, such reasonable notice in writing shall be given to the Contractor as will enable him to make his arrangements accordingly and in case where work is already manufactured or in course of manufacture, or any matter done or drawings or patterns made that require to be altered a reasonable sum in respect thereof shall be allowed by the Engineer, with the prior approval of the Chairman. If in the opinion of the Contractor any such variation is likely to prevent or prejudice the Contractor, from, or in fulfilling any of his obligations under the Contract, he shall notify the Engineer thereof in writing and the Engineer shall decide forthwith whether or not the same shall be carried out. If the Engineer confirms

his instructions in writing, the said obligations shall be modified to such an extent as may be justified. Until Deputy Conservator so confirms his instructions, they shall be deemed not to have been given.

4. REJECTIONS AND REPLACEMENTS:

All materials and workmanship used and employed in carrying out this contract shall be to the entire satisfaction of the Engineer. Any portion or portions of materials, or any of the works done under this contract which may be considered by the Engineer or to be defective or unsatisfactory or not in accordance with the said specifications, plans and the requirements of the work shall be rejected and be replaced in a manner satisfactory to the Engineer at the sole expense of the Contractor.

5. ROYALTIES ON PATENTED ARTICLES:

The Contractor shall pay all royalties and other sums of money which shall be or become due or payable in respect of any patented, registered or protected article or design which shall be used by him in completion of the work and shall at all times indemnify the Board and its officers and agents from all actions, suits, demands and claims in respect of the said royalties and other sums of money or any of them, and from all costs, charges, damages and expenses in any way arising there out or incidental thereto.

6. INDEMNITY AGAINST ACCIDENT AND DAMAGE:

Any accidents including death caused to the contractor or workers during course of execution of work or elsewhere will be taken care by the contractor(s) themselves and Port is in no way responsible for the same. The port is not responsible for any loss of life or damage or theft of materials. All the materials should be kept in the safe custody of the contractor.

The Contractor shall indemnify the Board, its officers and agents against any claims or actions arising from accidents or injuries to workmen or other persons or damages to property which may arise during the execution of this contract or from the breach of any laws and regulations prior to the commissioning of work.

WHEREAS the PORT proposes to execute the work "Annual Maintenance contract for Manning, Operation and Maintenance of Oil Spill Response Equipment (OSRE) available in VOC Port Authority for a period of five years and extendable by two years". and the BIDDER/Seller is willing to offer/has offered the stores and

WHEREAS the BIDDER is a Private Company / public company / Government undertaking/ Partnership / Register export agency, constituted in accordance with the relevant law in the matter and the PORT is a Ministry of the Government of India performing its functions on behalf of the President of India.

NOW, THEREFORE,

To avoid all forms of corruption by following a system that is fair, transparent and free from any influence / prejudiced dealings prior to, during and subsequent to the currency of the contract entered into with a view to:

Enabling the PORT to obtain the desired said work at a competitive price in conformity with the defined specifications by avoiding the high cost and the distortionary impact of corruption on public procurement, and

Enabling BIDDERS to abstain from bribing or indulging in any corrupt practice in

order to secure the contract by providing assurance to them that their competitors will also abstain from bribing and other corrupt practices and the PORT will commit to prevent corruption, in any form, by its officials by following transparent procedures.

The parties hereto hereby agree to enter into this Integrity Pact and agree as follows:

Commitments of the PORT

1.1. The PORT undertakes that no official of the PORT, connected directly or indirectly with the contract, will demand, take a promise for or accept, directly or through intermediaries, any bribe, consideration, gift, reward, favour or any material or immaterial benefit or any other advantage from the BIDDER, either for themselves or for any person, organisation or third party related to the contract in exchange for an advantage in the bidding process, bid evaluation, contracting or implementation process related to the contract.

1.2. The PORT will, during the pre-contract stage, treat all BIDDERS alike, and will provide to all BIDDERS the same information and will not provide any such information to any particular BIDDER which could afford an advantage to that particular BIDDER in comparison to other BIDDERS.

1.3. All the officials of the PORT will report to the appropriate Government office any attempted or completed breaches of the above commitments as well as any substantial suspicion of such a breach.

2. In case any such preceding misconduct on the part of such official(s) is reported by the BIDDER to the PORT with full and verifiable facts and the same is prima facie found to be correct by the PORT, necessary disciplinary proceedings, or any other action as deemed fit, including criminal proceedings may be initiated by the PORT and such a person shall be debarred from further dealings related to the contract process. In such a case while an enquiry is being conducted by the PORT the proceedings under the contract would not be stalled.

Commitments of BIDDERS

3. The BIDDER commits itself to take all measures necessary to prevent corrupt practices, unfair means and illegal activities during any stage of its bid or during any

pre-contract or post-contract stage in order to secure the contract or in furtherance to secure it and in particular commit itself to the following:

3.1. The Bidder will not offer, directly or through intermediaries, any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the Port, connected directly or indirectly with the bidding process, or to any person, organization or third party related to the contract in exchange for any advantage in the bidding, evaluation, contracting and implementation of the Contract.

3.2. The BIDDER further undertakes that it has not given, offered or promised to give, directly or indirectly any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the PORT or otherwise in procuring the Contract or forbearing to do or having done any act in relation to the obtaining or execution of the contract or any other contract with the Government for showing or forbearing to show favour or disfavour to any person in relation to the contract or any other contract with the Government.

3.3. BIDDERS shall disclose the name and address of agents and representatives and Indian BIDDERS shall disclose their foreign principals or associates.

3.4. BIDDERS shall disclose the payments to be made by them to agents/ brokers or any other intermediary, in connection with this bid/contract.

3.5. The BIDDER further confirms and declares to the PORT that the BIDDER is the original manufacturer / integrator / authorized government sponsored export entity of the stores and has not engaged any individual or firm or company whether Indian or foreign to intercede, facilitate or in any way to recommend to the PORT or any of its functionaries, whether officially or unofficially to the award of the contract to the BIDDER, nor has any amount been paid, promised or intended to be paid to any such individual, firm or company in respect of any such intercession, facilitation or recommendation.

3.6. The BIDDER, either while presenting the bid or during pre-contract negotiations or before signing the contract, shall disclose any payments he has made, is committed to or intends to make to officials of the PORT or their family members, agents, brokers or any other intermediaries in connection with the contract and the details of services agreed upon for such payments.

3.7. The BIDDER will not collude with other parties interested in the contract to impair the transparency, fairness and progress of the bidding process, bid evaluation, contracting and implementation of the contract.

3.8. The BIDDER will not accept any advantage in exchange for any corrupt practice, unfair means and illegal activities.

3.9. The BIDDER shall not use improperly, for purposes of competition or personal gain, or pass on to others, any information provided by the PORT as part of the business relationship, regarding plans, technical proposals and business details, including information contained in any electronic data carrier. The BIDDER also undertakes to exercise due and adequate care lest any such information is divulged.

3.10. The BIDDER commits to refrain from giving any complaint directly or through any other manner without supporting it with full and verifiable facts.

3.11. The BIDDER shall not instigate or cause to instigate any third person to commit any of the actions mentioned above.

3.12. If the BIDDER or any employee of the BIDDER or any person acting on behalf of the BIDDER, either directly or indirectly, is a relative of any of the officers of the PORT, or alternatively, if any relative of an officer of the PORT has financial interest/stake in the BIDDER's firm, the same shall be disclosed by the BIDDER at the time of filing of tender.

The term 'relative' for this purpose would be as defined in Section 6 of the Companies Act, 1956.

3.13. The BIDDER shall not lend to or borrow any money from or enter into any monetary dealings or transactions, directly or indirectly, with any employee of the PORT.

4. Previous Transgression

4.1. The BIDDER declares that no previous transgression occurred in the last three years immediately before signing of this Integrity Pact, with any other company in any country in respect of any corrupt practices envisaged hereunder or with any Public Sector Enterprise in India or any Government Department in India that could justify BIDDER's exclusion from the tender process.

4.2. The BIDDER agrees that if it makes incorrect statement on this subject, BIDDER can be disqualified from the tender process or the contract, if already awarded, can be terminated for such reason.

5. Earnest Money (Security Deposit)

5.1. While submitting a commercial bid, the BIDDER shall deposit an amount ₹. _____/- (to be specified in RFP) as Earnest Money / Security Deposite, with the Port through any of the following instruments:

(i) Bank Draft or a pay order in favour of _____

(ii) A confirmed guarantee by an Indian nationalized bank, promising payment of the guaranteed sum to the PORT on demand within three working days without any demur whatsoever and without seeking any reasons whatsoever. The demand for payment by the PORT shall be treated as conclusive proof of payment.

(iii) Any other mode or through any other instrument (to be specified in the RFP)

5.2. Earnest Money (Security Deposit) shall be valid up to a period of Two years or the complete conclusion of the contractual obligations to the complete satisfaction of both the BIDDER and the PORT, including warranty period, whichever is later.

5.3. In case of the successful BIDDER a clause would also be incorporated in the Article pertaining to Performance Bond in the Purchase Contract that the provisions of Sanctions for Violation shall be applicable for forfeiture of Performance Bond in case of a decision by the PORT to forfeit the same without assigning any reason for imposing sanction for violation of this Pact.

5.4. No interest shall be payable by the PORT to the BIDDER on Earnest Money (Security Deposit) for the period of its currency.

6. Sanctions for Violations

6.1. Any breach of the aforesaid provisions by the BIDDER or any one employed by it or acting on its behalf (whether with or without the knowledge of the BIDDER) shall entitle the PORT to take all or any one of the following actions, wherever required:

(i) To immediately call off the pre-contract negotiations without assigning any reason or giving any compensation to the BIDDER. However, the proceedings with the other BIDDER(s) would continue.

(ii) Earnest Money (Security Deposit) (in pre-contract stage) and/or Security Deposit/Performance Bond (after the contract is signed) shall stand forfeited either fully or partially, as decided by the PORT and the PORT shall not be required to assign any reason therefore.

(iii) To immediately cancel the contract, if already signed, without giving any compensation to the BIDDER.

(iv) To recover all sums already paid by the PORT, and in case of an Indian BIDDER with interest thereon at 2% higher than the prevailing Prime Lending Rate of State Bank of India, while in case of a BIDDER from a country other than India with interest thereon at 2% higher than the LIBOR. If any outstanding payment is due to the BIDDER from the PORT in connection with any other contract for any other stores, such outstanding payment could also be utilised to recover the aforesaid sum and interest.

(v) To encash the advance bank guarantee and performance bond/warranty bond, if furnished by the BIDDER, in order to recover the payments, already made by the PORT, along with interest.

(vi) To cancel all or any other Contracts with the BIDDER. The BIDDER shall be liable to pay compensation for any loss or damage to the PORT resulting from such cancellation/rescission and the PORT shall be entitled to deduct the amount so payable from the money(s) due to the BIDDER.

(vii) To debar the BIDDER from participating in future bidding processes of the Government of India for a minimum period of five years, which may be further extended at the discretion of the PORT.

(viii) To recover all sums paid in violation of this Pact by BIDDER(s) to any middleman or agent or broker with a view to securing the contract.

(ix) In cases where irrevocable Letters of Credit have been received in respect of any contract signed by the PORT with the BIDDER, the same shall not be opened.

(x) Forfeiture of Performance Bond in case of a decision by the PORT to forfeit the same without assigning any reason for imposing sanction for violation of this Pact.

6.2. The PORT will be entitled to take all or any of the actions mentioned at para 6.1

(i) to (x) of this Pact also on the Commission by the BIDDER or any one employed by it or acting on its behalf (whether with or without the knowledge of the BIDDER), of an

offence as defined in Chapter IX of the Indian Penal Code, 1860, or Prevention of Corruption Act, 1988, or any other statute enacted for prevention of corruption.

6.3. The decision of the PORT to the effect that a breach of the provisions of this Pact has been committed by the BIDDER shall be final and conclusive on the BIDDER. However, the BIDDER can approach the Independent Monitor(s) appointed for the purposes of this Pact.

7. Fall Clause

7.1. The BIDDER undertakes that it has not supplied/is not supplying similar product/systems or subsystems at a price lower than that offered in the present bid in respect of any other Ministry / Department of the Government of India or PSU and if it is found at any stage that similar product/systems or sub system was supplied by the BIDDER to any other Ministry/Department of the Government of India or a PSU at a lower price, then that very price, with due allowance for elapsed time, will be applicable to the present case and the difference in the cost would be refunded by the BIDDER to the PORT, if the contract has already been concluded.

8. Independent Monitors

8.1. The PORT has appointed Independent Monitors (hereinafter referred to as Monitors) for this Pact in consultation with the Central Vigilance Commission. The Independent External Monitors appointed by Port are as follows:

1. Shri Trivikram Nath Tiwari, ILS Rtd,
301-B, Block – 3B, HIG DDA Flats,
Rani Jhansi Road, DDA complex,
Moti Khan,
New Delhi-110055

e-mail i.d -trivikramnt@yahoo.co.in

2. Shri. Hernanprit Singh,
12, Bevedre Road,
Alipore, Kolkata-700027
hermanprit@gmail.com

8.2. The task of the Monitors shall be to review independently and objectively, whether and to what extent the parties comply with the obligations under this Pact.

8.3. The Monitors shall not be subject to instructions by the representatives of the parties and perform their functions neutrally and independently.

8.4. Both the parties accept that the Monitors have the right to access all the documents relating to the project/procurement, including minutes of meetings.

8.5. As soon as the Monitor notices, or has reason to believe, a violation of this Pact, he will so inform the Authority designated by the PORT.

8.6. The BIDDER(s) accepts that the Monitor has the right to access without restriction to all Project documentation of the PORT including that provided by the BIDDER. The BIDDER will also grant the Monitor, upon his request and demonstration of a valid interest, unrestricted and unconditional access to his project documentation. The same is applicable to Subcontractors. The Monitor shall be under contractual obligation to treat the information and documents of the BIDDER/Subcontractor(s) with confidentiality.

8.7. The PORT will provide to the Monitor sufficient information about all meetings among the parties related to the Project provided such meetings could have an impact on the contractual relations between the parties. The parties will offer to the Monitor the option to participate in such meetings.

8.8. The Monitor will submit a written report to the designated Authority of the Port / Secretary, in the Department/ within 8 to 10 weeks from the date of reference or intimation to him by the PORT / BIDDER and, should the occasion arise, submit proposals for correcting problematic situations.

9. Facilitation of Investigation

In case of any allegation of violation of any provisions of this Pact or payment of commission, the PORT or its agencies shall be entitled to examine all the documents including the Books of Accounts of the BIDDER and the BIDDER shall provide necessary information and documents in English and shall extend all possible help for the purpose of such examination.

10. Law and Place of Jurisdiction

This Pact is subject to Indian Law. The place of performance and jurisdiction is the seat of the PORT.

11. Other Legal Actions

The actions stipulated in this Integrity Pact are without prejudice to any other legal action that may follow in accordance with the provisions of the extant law in force relating to any civil or criminal proceedings.

12. Validity

12.1. The validity of this Integrity Pact shall be from the date of its signing and extend upto 2 years or the complete execution of the contract to the satisfaction of both the PORT and the BIDDER/Seller, including warranty period, whichever is later. In case BIDDER is unsuccessful, this Integrity Pact shall expire after six months from the date of the signing of the contract.

12.2. Should one or several provisions of this Pact turn out to be invalid, the remainder of this pact shall remain valid. In this case, the parties will strive to come to an agreement to their original intentions.
